

(Date) June 11, 1997

(Order # Resolution # or proper legal description)

Whereas, the Town of Hollis does hereby recognize the requirements for separate Public, Educational and Governmental Television (P.E.G.)* Access Centers, and further recognizes the value of a regional Public Access Center, which would offer each participating town a larger, better equipped facility, better training, and less duplication of equipment than several smaller Access Centers in each town.

BE IT RESOLVED, That the Majority of Selectmen (officers of the Town of Hollis) do hereby support the recommendation of the Saco River **Cable** Committee to establish a regional Community Television Public Access Center whose purpose would be to provide training and equipment to the residents of the towns of Waterboro, Standish, Buxton, Hollis, Limerick, and Limington for the purpose of Producing television programs about the community. Funding for the support of this regional center shall be subsidized by the Franchise Fees (or a portion thereof) provided by each town.

Such support shall not be given unless and until the following criteria is met.

1. Citizen(s) of the town of Hollis are duly appointed as representatives to a Regional CATV Regulatory Board.
2. The Selectmen (officers of the town) have approved the rules and regulations of the operation of the Access Center which shall contain provisions for an annual review to determine whether ins Access Center is meeting the needs of the Town of Hollis.

* Note: The Educational Access Center would be located at the School designated by the appropriate school district and the officers of the town(s) that are served.

The Governmental Access Center for each town would be located in the town office of each town on the Saco River Cable System as listed above. and would be separate from the Regional Public Access Center.

Channel allocations shall be provided by the Cable Operator to the extent that each town requires.

3. Based on annual appropriations thru Town Meeting
